## Penetration Thermometer RT330

### Features

- Handy design
- HOLD feature
- Auto Power Off
- Including protection tube with clip

### Technical Data

Digital Thermometer RT330	
Measuring Range	-50...+150°C
Accuracy	± 1°C at -20 ...+120°C ± 2°C other ranges
Resolution	0,1°C
Sampling Rate	1 sec.
Battery	1,5 V
Battery life	5000 h
Ambiant temperature	-10...+50°C
Scope of delivery	Penetration thermometer, protection tube, battery and operating instructions
Article no.	0560 0050-11
